Quick Installation Guide

Important Information

For more detailed information, please refer to the Help file in the Driver CD in the Help directory. The ways to display Help file are as follows:

- After driver installation, please click the driver icon at the right-bottom in the Window system tray. Click the Help button on the left-bottom of the driver Configuration dialog box and the help file will pop up. Or
- Please see “Help\ Help.htm” in the Driver CD.

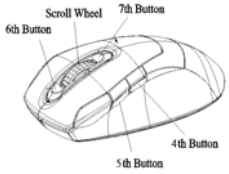
System Requirements

1. Available USB port
2. Microsoft® Windows® 98SE, Windows® ME, Windows® 2000 or Windows® XP operating system
3. CD-ROM drive (for CD or Video operation)
4. Standard sound card (for CD or Video operation)
5. Microsoft® Office 97 or later version
6. Microsoft® Internet Explorer 5.0 or later version (for the Internet keys)

Hardware Installation

Just directly plug the USB connector into the USB port on PC.

USB Connector



Driver Installation

- **USB Device Driver**

The USB device driver is included in Windows operating system.

During initial installation of the USB device, the system will automatically detect a new hardware being added, and then bring up "Add New Hardware Wizard" dialogue box. Please follow the Wizard's USB driver installation steps. Once this installation step is completed the basic functions of the USB device will work under the operating system. The additional functions are provided only after the MouseMaestro application is installed.

- **MouseMaestro Input Device Driver**

1. Insert the CD labeled "***MouseMaestro Input Device Driver***" into your CD-ROM.
2. The CD will run automatically and bring up the Setup dialogue box.
3. Then follow the on-screen instruction to install the driver.
4. The driver icon will show at the right-bottom in the Windows system tray when the driver is loaded.

Usage Information

1. This optical mouse senses light to detect mouse’s movement; therefore, it cannot work on a glass, translucent, reflective, or dark color surface.
2. The mouse can work only on a clean, flat, non-slippery, opaque, and light color surface in order to ensure smooth and accurate cursor action.

FCC GUIDELINES

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
- Use only shielded cables to connect I/O devices to this equipment.

FCC Warning: This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, (2) this device must accept any interference received, including interference that may cause undesired operation.

Information to user: The users manual or instruction manual for an intentional or unintentional radiator shall caution the user that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment. Shielded interface cable, if any, must be used in order to comply with emission limits.

低功率電波輻射性電機管理辦法：

第十四條：經型式認證合格之低功率射頻電機，非經許可，公司、商號或使用者均不得擅自變更頻率、加大功率或變更原設計之特性及功能。

第十七條：低功率射頻電機之使用不得影響飛航安全及干擾合法通信；經發現有干擾現象時，應立即停用，並改善至無干擾時方得繼續使用。

前項合法通信，指依電信法規定作業之無線電信。

低功率射頻電機需忍受合法通信或工業、科學及醫療用電波輻射性電機設備之干擾。
